Celebrate Our Nation's History with the Limited-Edition **Formation of the Union Set**

In 1776, 13 small separate colonies declared their independence from Great Britain. In 1787 Delaware was the first colony to officially join the newly established Union, and in 1790 Rhode Island became the 13th. These and other events that occurred between 1774 and 1792 set the course of American history. **The Formation of the Union Set** tells this story with photography of many of the coins utilized prior to the establishment of the U.S. Mint, plus fascinating images of rare, historic archival records. The set contains thirteen 50 State Quarters™ from both the Philadelphia and Denver Mints—that's 26 quarters in all; including all those very difficult-to-find early quarters and the newest ones hot off the coin presses! **The Formation of the Union Set** is the third *Coin & Chronicles* partnership project between the United States Mint and the National Archives and Records Administration (NARA). Only 50,000 of these unique sets will be sold, so be sure to order your official, 50 State Quarters™ **Formation of the Union Set** today! Please allow 6-8 weeks for delivery.

DEPARTMENT OF THE TREASURY
UNITED STATES MINT
WASHINGTON, D.C. 20220

Dear U.S. Mint Customer:

Eagerly anticipated by collectors, the 2001 United States Mint Uncirculated Coin Set® is now available. Because you are a U.S. Mint Customer, we wanted you to have an early opportunity to purchase these stunning coins directly from the U.S. Mint.

Specially Minted with Unsurpassed Quality

Uncirculated coins are minted on special presses and struck with greater force than circulating coins, producing a sharp, intricately detailed image. These coins are then packaged and sealed to last through generations. Compared to a coin minted for general circulation, an uncirculated coin's image is sharper and crisper, standing out in sculpted relief.

Twenty Uncirculated Coins

Inside the 2001 U.S. Mint Uncirculated Coin Set are two envelopes of ten coins each, one from the Philadelphia Mint and the other from the Denver Mint. Each envelope of coins includes the Golden Dollar featuring Sacagawea, the Kennedy half-dollar, Roosevelt dime, Jefferson nickel, Lincoln penny and the five new 50 State Quarters.™ Packaged in protective and long-lasting Mylar,® these coins will keep the same untouched, pristine finish through the years.

All new 2001 50 State Quarters

In 2001, the U.S. Mint will add five new quarters to the 50 State Quarters collection – New York's Gateway to Freedom, North Carolina's First Flight, Rhode Island's Coastline, Vermont's Maple Trees, and Kentucky's Federal Hill. New York, North Carolina, and Rhode Island quarters are already in general circulation. However, when you purchase a 2001 U.S. Mint Uncirculated Coin Set, you'll receive all five of these beautiful new quarters – before they are in everyone's pocket.

Exceptional Gifts

At just \$14.95, the 2001 U.S. Mint Uncirculated Coin Set, containing all twenty coins, makes an excellent gift. As there are no order limits, you can purchase several sets – to give as gifts or to mark an important year in a loved one's life – and still keep a set for your own collection. For more information, please see the enclosed brochure. Order your 2001 Uncirculated Coin Set today – just go online at www.usmint.gov, or send in the enclosed order form, or call 1-800-USA-MINT.
